

# **Illinois Sewage Treatment Plants Operated by Control Authorities**

Updated: January 2018

The U. S. Environmental Protection Agency has provided the Illinois State Dental Society with the following list of community Control Authorities for the Dental Office Category Regulation on Dental Amalgam. This regulation requires subject dental offices to send their one-time compliance reports to their respective Control Authority. This list can help member dentists identify who their Control Authority is.

**Please scroll down to the following two pages to view the list and contact information for your area.**

**Identify Your Control Authority  
EPA Dental Office Category Rule on Amalgam Separators**
