

Reminder! Submit Resolution Ideas for ISDS House of Delegates

Posted: 5/26/2017

If any member is interested in presenting an item of business to our House of Delegates on September 8-9, such issues may be brought forward by the President, Board of Trustees, a Society committee, a component dental society, or five members in good standing. A resolution presented by five members must be submitted *at least 15 days prior (August 24)* to the opening meeting of the House of Delegates on Friday, September 8. If less than 15 days prior to the opening session, only a component society or the Board of Trustees may submit resolutions. Resolutions that amend the Society's Bylaws must be submitted *by July 1* to allow for required publication in the August *Illinois Dental News*. Executive Director Greg Johnson (gjohnson@isds.org) is available to assist members in formalizing their draft resolutions.
