

Join Mission Trip to Honduras in March 2017

In his September 2016 address to the House of Delegates, then-ISDS President Brad Barnes announced the first Illinois State Dental Society-endorsed Mission Trip to Honduras this coming spring. The dates are March 3-11 and March 10-18. There will be two teams, one per week. You can go for a week, or stay for both!

If you've ever considered being part of an international medical-dental mission, this is an excellent opportunity to dive in and share the experience with dental friends. We may be able to accommodate three to four dentists per week.

Interested?

Please contact Dr. Brad Barnes (dr.bradbarnes@gmail.com) or Dr. Tom Sullivan (drtsully@comcast.net).

The teams will fill up fast, so don't hesitate!
