

Mission of Mercy update

Posted: January 20, 2012

The Illinois State Dental Society and the Illinois State Dental Society Foundation would like to announce the partnership with Collaborative Underserved Relief and Education Network (CURE Network) that will take place during the 2012 Mission of Mercy (MOM) event at the Lake County Fairgrounds in Grayslake on June 8-9.

This partnership will enhance the two-day program by not only providing *free dental services* to uninsured and underinsured individuals and families, but also by offering *free vision and medical services*.

To learn more about CURE Network, visit www.curenetwork.org.

On-line volunteer registration for the event will become available in March at www.isds.org. Please watch your e-mails for additional information.
