

Register for the New Dentist Conference Now

The ADA 26th New Dentist Conference-A Monumental Experience will be held June 22-24 at the Capital Hilton in Washington, D.C. The Conference is an ideal way to boost, rejuvenate and enhance the leadership skills of new dentist volunteers in any capacity. This year's event offers attendees the opportunity to earn up to 13 hours of continuing education. Dentists who are active as local or state dental society volunteers, as well as those who are interested in becoming more active, will benefit from a full day of conference leadership programming. Every dentist will have the opportunity to develop personal leadership skills, participate in small group discussions with their peers and engage in an idea exchange with new dentist leaders from across the country. The New Dentist Committee is looking forward to another excellent turnout of ADA new dentist members. Registration is now open.
