

New Endorsement Replaces Association Gloves

February 2019

In the fourth quarter of 2018, ISDS received notice that Association Gloves would be ceasing its operations after April 2019 due to the company forming a strategic alliance with another dental supply vendor. ISDS' endorsement of Association Gloves had been in place since 2014, and many ISDS members purchased gloves and other supplies through that program. Since Association Gloves would no longer be able to offer gloves and supplies to our members, Association Gloves and ISDS mutually agreed it to be in their best interest to end the endorsement on December 31, 2018.

But... ISDS has exciting news that will benefit every member's dental office! To accommodate our members' dental supplies needs, ISDS now endorses Independent Dental Solutions (IDS), a company that offers gloves, discounted merchandise and equipment at very competitive prices to Association Gloves and other vendors. Visit the [Endorsed Companies](#) section of our website to find out more about members only benefits!
